

ARCHOS

ARCHOS | 3 vision

Portable Multimedia Player

The «ARCHOS 3 vision» media player is a full-featured affordable device with the video and music technical know-how which ARCHOS is known for. Packed with a bright and sharp 3" LCD touch-screen and 8 GB* of storage, this handy little fellow is just the ticket for making all your photos, music, and videos, truly portable.

- Store and listen to over 4,000 songs¹
- Play MP3, WMA and WAV music files

- Store dozens of your favorite videos or movies
- View MPEG1/2/4, AVI and FLV

- Store thousands of photos
- View JPEG, BMP, and GIF image files

- High-storage capacity (8GB*)

Right Sized and Right Priced

Screen

The «ARCHOS 3 vision» screen is big and bright enough to show off your best photos and videos, while at the same time fitting into your smallest pockets. The touch screen interface with a virtual scroll dial will let you quickly zip through long lists of music files.

Music

The «ARCHOS 3 vision» is just the thing for music fans with up to 14 hours of music playback before recharging. The music library shows music by title, album, artist, genre, or your own favorites. With 8 GB* of disk capacity to store over 4,000 songs¹, you'll have no problems saving tons of music and podcast episodes onto your device. And with the lyrics function, you can actually see song lyrics display right across the screen!

Photos

ARCHOS

This is the greatest little photo wallet. Display them one by one or let your photos play as a slide show. To have more fun, you can make it a music slide show playing to your favorite song.

Audio Recorder

Need a voice recorder for a classroom lecture or personal notes? The «ARCHOS 3 *vision*» has a built-in microphone that will allow you to record for hours if needed.

Calendar & Stopwatch

The «ARCHOS 3 *vision*» also includes stopwatch and calendar applications to round out the list of functions.
